Available ideally for 4 months starting April 2014, however willing to accommodate

SELECTED SKILLS AND ABILITIES

Technical Skills

- Competent in several computer languages including C, C++, Objective C, C#, Java, VB, Assembly and Processing. Web Development using .NET, SQL, JavaScript/JQuery, HTML5, XML, Json, REST, and CSS3. Limited knowledge of Ruby and Python programming Languages.
- Familiar with programming in Android, iOS and BlackBerry mobile environments.
- Working knowledge of Windows, Mac and Linux operating systems.
- Proficiently used word processing and spreadsheet programs on various occasions to effectively organize and present information.

Teamwork Skills

- Worked closely with pilots, managers and customers to provide safe and efficient flight service at Lynn Lake MB water base, and Wollaston Lake SK airport.
- Effectively collaborated on several projects during my coop placements with Shared Services Canada and The Ottawa Hospital.
- Worked directly with the RCMP who fully trusted me fully to guard numerous prisoners in a safe and dependable manner.

Problem Solving Skills

- Developed critical thinking, problem solving, and analysis skills through my countless hours of computer programming. These skills are continuing to be developed through school assignments, personal projects and coop placements.

SELECTED WORK EXPERIENCE

Customer Service Agent (CSA)

2007-2009

Transwest Air (Airline)

Wollaston Lake, SK & Lynn Lake, MB

- Operating various computer programs (mainly Sky-Line) to make reservations, book chartered flights, bill out customers, organize freight/delivery and make posting or bulletins
- Customer service, aircraft dispatching, billing, ground handling and micro-management at Lynn Lake Water base, MB and Wollaston Lake Airport, SK
- Attention to detail through maintenance of various buildings and hangars; such as building structures, painting, collecting water, insulating, and vehicle repair
- Was held with the accountability of delivering the local towns mail to the Canada Post Office and important medication to the local clinic

Prison Guard

2009 (10 Months)

Royal Canadian Mounted Police (RCMP)

Wollaston Lake, SK

- Responsibly, guarded prisoner in several cells, usually overnight, acquiring awareness of safety and diversity coping skills, while at the same time preparing food and beverages for prisoners and cleaning the facility for the officers

Landscaper

2003-2005 & 2010 (Seasonal)

Landscape Creations

Sault Ste. Marie, ON

- Trimming, weeding, mulching, digging, raking, wheel-barrowing and so on for wealthy residential homes and businesses, where I gained personal and time management skills

Mobile and Web Developer

May 2012 – Dec 2012 (8 Months)

Public Works and Government Services (PWGS), Shared Services

- Developing mobile applications, for the first time done internally in Canadian government, for various Blackberry and Android platforms
- Web development with the .Net Framework for various websites

BPM Developer

May 2012 – Sept 2013 (4 Months)

The Ottawa Hospital (TOH)

- Developed automated clinical process programs with IBM's Business Process Manager (BPM). This involved parsing XMLs, using web-services, creating stored procedures and coding in HTML/JS/CSS.

VOLUNTEER EXPERIENCE

Database Entry

June 2011–April 2012

St. Patrick's Home of Ottawa

- Cleaned an existing database of charity/donors for the Foundation department
